DESERT RADIOLOGISTS

AN INDUSTRY LEADER

Founded in 1966, Desert Radiologists has grown to become the area's chief resource for quality comprehensive medical care in its field.

ALL OF DESERT RADIOLOGISTS OUT-PATIENT FACILITIES ARE ACCREDITED BY THE AMERICAN COLLEGE OF RADIOLOGY.

WE ARE HERE TO SERVE OUR PATIENTS

For 44 years, our team of physicians has been dedicated to advanced diagnostic procedures and quality healthcare making us Nevada's foremost diagnostic imaging group. Our growth, our success and our many innovations are all driven by our fundamental commitment to satisfy the healthcare needs of the people and community we serve.

To provide convenience to our patients, Desert Radiologists maintains full service outpatient facilities throughout Las Vegas and Henderson. All of our facilities are ACR accredited, demonstrating our commitment to quality healthcare.

We are proud to be the radiology providers for nine Southern Nevada hospitals and one Northern Nevada hospital. Additionally, we provide radiology services for a large Cancer Center, a group of multi-specialty medical centers and several smaller facilities throughout Southern Nevada.

Desert Radiologists offers the most comprehensive diagnostic procedures available including Angiography, Computed Tomography, Diagnostic Radiology, Interventional & Cardiovascular Radiology, Magnetic Resonance Imaging, Mammography, Nuclear Medicine, Positron Emission Tomography, Stereotactic Breast Biopsy and Ultrasound. Additionally, we perform a complete array of vascular services at our Desert Vascular Institute.

Las Vegas, NV 89119

**DESERT RADIOLOGISTS IS NEVADA'S LEADER IN DIAGNOSTIC IMAGING
FOUNDED BY PHYSICIANS COMMITTED TO COMPASSIONATE CARE.**

PROVIDING COMPREHENSIVE RADIOLOGY SERVICES

WE OFFER THE MOST ADVANCED DIAGNOSTIC RADIOLOGY SERVICES

A radiological exam is designed to image or “see” inside an area of your body for the purpose of diagnosis or treatment. Desert Radiologists performs several types of exams using the most advanced diagnostic imaging equipment available today.

THROUGH INTERVENTIONAL RADIOLOGY WE OFFER MINIMALLY INVASIVE OPTIONS

Today many conditions that once required surgery can be treated nonsurgically by interventional radiologists. Interventional Radiology uses imaging guidance to perform minimally invasive, targeted treatments. These treatments offer less risk, less pain and less recovery time compared to open surgery.

EXPERT INTERPRETATIONS AND CONSULTATION, 24/7/365.

Teleradiology allows our trained specialists to be available 24/7 with the capability of delivering radiological care from a location other than the imaging site. This is particularly important when a subspecialist such as a Neuroradiologist, Pediatric Radiologist, or Musculoskeletal Radiologist is needed for immediate patient care, any hour, any day.

THE HEART OF OUR ORGANIZATION LEADING-EDGE EXPERTISE

Desert Radiologists is comprised of board certified physicians specializing in the field of medical imaging. Our radiologists are fellowship and subspecialty trained in many areas, including Pediatrics, Musculoskeletal, Nuclear Medicine, Interventional and Neuroradiology.

Our radiologists carefully supervise and conduct examinations to obtain the maximum diagnostic information with the lowest amount of radiation exposure to the patient.

Diagnostic radiology is exciting and exacting. It challenges the radiologist to be proficient and knowledgeable about all branches of modern medicine. Each year our radiologists spend a considerable amount of time attending continuing medical education programs to expand their knowledge and add to their expertise.

OUR RADIOLOGISTS, TECHNICAL & SUPPORT PERSONNEL PROMOTE A REASSURING ENVIRONMENT THAT RELIEVES CONCERNS, RESULTING IN THE BEST POSSIBLE EXPERIENCE FOR OUR PATIENTS.

THE PRINCIPLES THAT GUIDE US

MISSION STATEMENT:

TO PROVIDE ALL PATIENTS EXCELLENCE IN MEDICAL IMAGING

OUR GOALS

Desert Radiologists is committed to state-of-the-art, comprehensive diagnostic and therapeutic care to the people of Nevada.

To Patients:

Provide prompt quality health care at a competitive cost. Compassionate care with dignity and personal regard.

To Referring Physicians:

Provide timely reporting consultation.

To Hospitals & Health Care Organizations:

Provide quality health care services and medical management assistance for the greatest value.

To Employees:

Provide equitable treatment and respect that will benefit their professional and personal lives.

To Shareholders and Associates:

Provide an optimal environment to practice medicine to the best of their abilities.

OUR VALUES

We respect the dignity of the individual.

We believe in compassion to patients.

We strive towards ever greater efficiency in all facets of patient care.

We deliver cost-effective quality care.

We provide superb service to referring physicians.

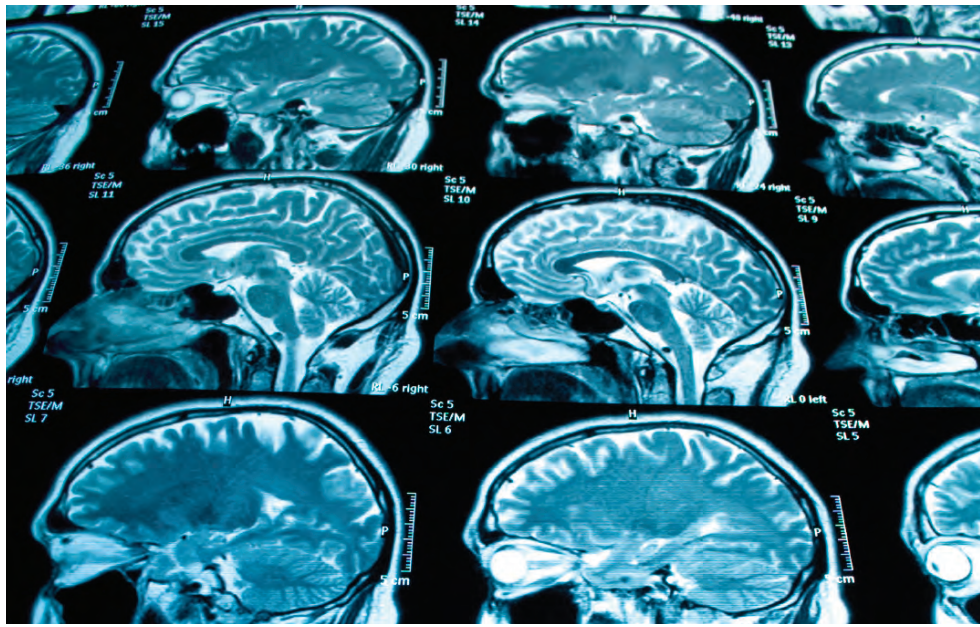

We are a strong cooperative partner with hospital affiliates and pursue a win-win relationship.

We are proactive and adaptive to the changing health care climate.

We empower our employees to improve quality and efficiency.

We believe in synergistic cooperation between our members throughout the corporation.

We value our respective differences, the variety makes us strong. The best possible experience for patients needing quality diagnostic imaging.

our mission:

TO PROVIDE EXCELLENCE IN
MEDICAL IMAGING TO ALL PATIENTS
